HOMECOMING DAY AT ST. STANISLAUS IS MARKED EVENT OF WEEK

Over Five Hundred Enjoy Barbecue Luncheon in Open—Bro. Peter and President W. J. Gex, Sidelines Club, Address Gathering—Twenty-Five Hundred Witness Afternoon Game.

The sixteenth Homecoming Day at St. Stanislaus last Sunday was a marked success from every possible angle. The weather was ideal and every arrangement detail was carried out to the very letter.

The response was one of the largest in years and President Bro. Peter expressed both appreciation and gratification. At an early hour the dads and grads of former years, accompanied by members of their families and friends began to arrive and soon the city was filled with many visitors. Many came by train and perhaps a greater number came by autos from all sections of adjoining States.

At noon, following registration, by 385 guests, Bro. Peter personally introduced the individual members of the football team, to play the lads of St. Aloysius of New Orleans that afternoon. Each were given rousing cheers. This was followed by a talk by Mr. Walter J. Gex, president Sidelines Club, who welcomed the visitors in his usual cordial and clever manner.

Tables had been set at fresco to apparently 500 or more people. Here barbecued viands, seafood, etc., were served and enjoyed by the guests and others. Mr. Frank Martin, well-known local citizen and door for the public good at all times, superintended the cats, sponsored and assisted by a number of ladies from the Mothers' Club, including Mrs. Edw. C. Carrere, Mrs. John W. Bryan, Mrs. F. J. Bopp, Mrs. Claude Monti and others.

2500 Witness Football Game.
At 2:30 P. M., a large crowd composed of the entire student body of the college, faculty, townspeople and guests from many Louisiana and Mississippi towns, formed a procession headed by the college band and proceeded to the stadium where the Rock-A-Chaws and the team from St. Aloysius college engaged in a football game in which the Rocks lost by a score of 20-6, and witnessed by a crowd estimated at twenty-five hundred persons.

On Saturday night, the St. Stanislaus College band headed a large procession consisting of the faculty and students through the business section of Bay St. Louis and burned in effigy an image depicting "Aloysius" which had been strung across Front street at Main.

WEEKLY NEWS NOTES FROM THE LOCAL HOSPITAL

Gracie Louise Lind, 4-year-old daughter of Mr. and Mrs. Alphonse Lind was given emergency treatment Wednesday.

Mr. and Mrs. D. N. Delph of the Bay announce birth of a fine 9 lb. son at the Hospital Tuesday, Oct. 17.

Thomas Necaise, baby of Mr. and Mrs. Claudimar Necaise, of Kilm, is a medical patient.

Harold Hill was given emergency treatment Thursday A. M.

Mrs. Corrine Higgins is still confined to her bed. Her condition is improved since this writing.

Mrs. Francis Lee of Pleavene Rt. No. 1 is a medical patient.

PURELY PERSONAL

Reports from Sewanee University are to the effect that Walter James Phillips is pleased with his new environment and his first month's report shows marked progress. Incidentally, he has gained 6 pounds in weight.

Joe Glover, member Stanislaus football team that vanquished St. Aloysius last year, did the reverse this year as he is a member of the latter team this year since his family moved to New Orleans for the winter. His brother "Wop" Glover, is coach for St. Aloysius and he helped win two of the three games played so far this year.

David Conner, attending Bay High last session, has entered Gulf Coast Military College as a boarder this year. He is enamored both with school and studies.

Zeke Bonura, national baseball fame, if within a thousand miles distance, it is said, never misses an event at St. Stanislaus college, his alma mater. He was one of the many visitors from away for homecoming day Sunday.

Rodney Bishop, from New Orleans, another "old-timer," never misses and last Sunday was not the exception.

TO HOLD FLOWER SHOW

Bay-Waveland Garden Club To Give First Plant and Floral Exhibit November 11-12.

The Bay-Waveland Garden Club will hold its flower show November 11 and 12.

All members are expected to make an exhibit of either cut flowers or potted plants. Non members who are flower lovers are cordially invited to also make exhibits. Prizes and ribbon awards will be given. All entries must be in by 10 A. M. Saturday, November 11th. Place of flower show will be published later. Anyone wishing further information may phone one of the flower show committee namely, Mrs. J. A. Evans, Mrs. Max N. Kohler, Mrs. Alice C. Buckley.

CITY ECHOES.

The students of St. Joseph's Academy were given a half-holiday on Monday when nearly every one of them journeyed to Gulfport to witness the big circus of Ringling Bros. and Barnum Bailey where many a thrill was enjoyed by the sight of the huge and clever animals, and the daring feats of bare-back riders and expert trapeze artists.

Mr. and Mrs. Octave Delph are the happy and proud parents of a nine pound son born on Tuesday at King's Daughters' Hospital, who will be called Joseph Mauffray Delph after his paternal grandfather. Mrs. Delph is the former Oleah Mauffray, daughter of Mr. and Mrs. Joseph O. Mauffray. Little Joseph Mauffray Delph is the seventh grandson born in the Delph family.

Among the great number of football fans who have been attending the weekly games in New Orleans and who witnessed the Tulane-Fordham game on Saturday were: Mr. and Mrs. Roger Boh Mr. and Mrs. Leo G. Ford Mr. and Mrs. A. B. Vassalli, Mr. John B. Blaize, Miss P. Tognotti and Mr. Edmund F. Fahey, Jr. Also the Misses Josie and Frances Scafide.

Mr. Frank H. Hymel and members of his family came out from New Orleans Sunday to attend the activities of Dads and Grads Day at St. Stanislaus College. They are friends of long standing and enthusiastic boosters for S. S. C. Mr. Hymel, a former resident, was warmly greeted by acquaintances of other days.

Miss Vickie Gex continues her visit with her niece, Mrs. Sidney W. Prague and family at their home in Chicago, but states that she is missing the beautiful weather of Fall and the beautiful Fall weather of the Coast and doubtless will be home before the Christmas season. Miss Vickie states that she is still viewing the interesting sights of the Windy City.

Miss Margaret Green and brother, Mr. Marion Green, have returned from a two-weeks visit to New York and the World's Fair and visiting intermediate points. The trip at this time of the year was one of unusual pleasure in addition to enjoying the sights of the fair and the great metropolis. Mr. and Mrs. Justin Green, who preceded them a short while have also returned to their home in New Orleans.

Misses Alice, Elsie and Hilda Spurl closed their summer home this week and have returned to their winter home in Oakland Drive, New Orleans. They were among the number from Bay St. Louis attending the tridium centennial celebration of the congregation of the Little Sisters of the Poor for the aged in Mobile, for men and women and numbering 138 inmates.

Mr. and Mrs. W. W. James last Saturday moved into the attractive home just completed for them on Ballentine street near South Beach boulevard. This is one of the newer and more modern homes and a wonderful view of the Bay from the lovely and comfortable screened porch on the east side of the house. Mr. James is landscape gardener for the Louisville & Nashville Railroad and in time expects to have the grounds of his home most attractive.

MASSIVE ROADSIDE BUILDING IN COURSE OF CONSTRUCTION

On Highway 90 at Intersection of N. O. Shortcut—To Shortly Open to Public.

Out on Highway 90 at N. O. Shortcut intersection for the two last months a large building has been under construction at the intersection of the new and old highways and just a short distance past Maskew's station, and is just now taking shape and presenting a pleasing appearance. The building is a wooden frame and is being built by Mr. Lombardo who intends conducting a road house which will include restaurant and large dance hall, and which is expected to be completed shortly.

MORNING BARN FIRE TAKES TOLL

Large Building Containing Building Material and Truck Belonging to A. R. Johnson Consumed

At 2 A. M. on Wednesday morning the Bay St. Louis fire department was called out to a fire originating in a barn on the property of Arthur Johnson, local building contractor, in Carre Court when the barn and a large supply of second hand building material, some of which consisted of blinds and sashes, were destroyed. A large truck which Mr. Johnson used to haul material was also destroyed. It is not believed that any of this was covered by insurance.

GOV.-ELECT JOHNSON TELLS PRESS HE'LL BE CONSERVATIVE.

No Discrimination Between Friend and Foe—Except My Friends Will Get All the Jobs, He Says.

Gov.-Elect Paul Johnson, opposed by 95 per cent of the state's press in the Democratic primaries by his own estimate, spoke Monday at the annual breakfast of the Mississippi Press Association at Jackson and asked for co-operation during his forthcoming administration.

"I want every member to feel, believe that Paul Johnson is his friend," the speaker declared in his first capital city address since his nomination.

"I don't care what they said about me this summer. x x x There's plenty of work for all of us. There's plenty of honor for all of us. We can accomplish great things for Mississippi if we work together."

"Commend me when I do right. Condemn me when I do wrong. Let's work together."

Stokes Sanders, publisher of the Kosciusko Star-Herald and association president, made answer immediately, asserting:

"I'm sure that we are going to co-operate x x x working toward the advancement of the state of Mississippi."

Johnson, in his talk, gave thanks for American democracy and freedom during present world critical times, praised the work of the press, spoke of its opportunity to mould public opinion, and then asked editors for their cooperation. He spoke too of "the big job ahead of us."

"Taxation is a big question. Conservation is another. Taxation must be equalized. There are some carrying none of the burden."

Not Radical

Judge Johnson assured his listeners his administration would be conservative.

"I'm going to fool those people who said Paul Johnson was going to be a radical. The people who opposed me on that account will never do so again for they will learn to know me."

TO COLLECT FOR THE ORPHANS

Community Will Be Solicited For Cash Donations To Aid Orphans at Natchez.

During the week, beginning next Sunday, October 22, the ushers' organization of the church and parish of Our Lady of the Gulf community, will solicit funds for the continued upkeep of the two Catholic orphanages located in Natchez.

The public is asked to receive the ushers well when they call and representatives of the cause ask for generous contributions towards this most worthy cause. The two orphanages last year cared for 127 children.

Rt. Rev. Bishop Richard O. Gerov manifests deep personal interest in the welfare of these children, with the result they are well housed, fed and clothed, in addition to the education given.

There are at present in these orphanages seven children from Bay St. Louis, another reason why the community should take added interest and give generously. It is a community duty.

CATHOLIC WOMEN OF WEST COAST REGION MEET AT THE PASS

Miss Jane Lang Presides in Absence of Mrs. G. Y. Blaize—Next Meeting At Long Beach.

The regular monthly meeting of the Bay St. Louis District of the National Council of Catholic Women was held in Pass Christian on Wednesday with Miss Jane Lang, first vice president of the district, presiding in the absence of the president, Mrs. G. Y. Blaize.

The meeting was opened with prayer by Rev. A. J. Gmelch, pastor of Our Lady of the Gulf Church of Bay St. Louis.

Interesting reports on charity and other activities were made by chairman from the different deaneries. Mrs. J. C. Liversedge, of Pass Christian, read the Diocesan president's message concerning the convention to be held on December 10 and 11.

Mrs. Mary Van Cloostere, of Long Beach, spoke on the various organizations of the N. C. C. W. Father McKenna, director of the local work of the Propagation of the Faith, told of the work of two religious orders, one the Order of the Medical Missionaries which have either graduate nurses or doctors as sisters, the mother house of which is in Philadelphia, and the field for work of the order being in India and China. The other order, known as The Daughters of Mary, administering to the sick in foreign missions.

Mrs. Van Cloostere also read a paper entitled "The Impressions of Michael in St. Joseph's Asylum." This, she said would remind us the contributions to be taken up this Sunday for our own orphanages in Natchez.

Refreshments were served by the ladies of Pass Christian during the social hour which brought to a close a very interesting meeting.

The next meeting will be held in Long Beach and at this time the active work of the Council will include study club work and the resumption of the "Questions and Answer Program."

Looking Forward To All Hallowe'en Dance At Bay High School

Parent-Teachers' Association of Central School is sponsoring an All Hallowe'en dance for the night of Tuesday, October 21, the date having been changed from the 28th. Debs and sub-debs and school set as well as the adult devotees of the dance are looking forward for it is an all hallowe'en event.

The tickets are on sale, price 25 cents only. The committee in charge is working diligently to make this a success and all indications point in that direction.

Rummage Sale This Saturday To Raise Funds For School Books.

Central School P-T-A. is sponsoring a rummage sale this Saturday in the vacant store building on Railroad avenue for the purpose of raising a fund to purchase books for school children unable to pay.

MRS. LEO W. SEAL NAMED CHAIRMAN FOR COAST CONCERT DRIVE

Gulf Coast Co-Operative Association to Bring Russian Cosack's Famous Chorus.

The Gulf Coast Co-operative Concert Association will conduct its annual membership campaign during the week of October 16-21. Mrs. Leo W. Seal, of Bay St. Louis, has been named chairman for Bay St. Louis.

The purpose of the club is to bring well known artists to the Coast and among the artists booked are the Russian Cosacks, a chorus of thirty men's voices under the famed Jaroff, and the date for their performance is November 19th, in the High School Auditorium of the Gulfport High School. There will also be in addition to this two other outstanding concerts, the dates to be named later.

BAYOU LACROIX BRIDGE

Nearing Completion—Only A Matter of Short While Before Open to Public.

Only a short time remains before the completion of the new bridge in course of construction over Bayou Lacroix on the Bay-Kilm road, we are officially informed.

The wooden portions of the bridge only await completion of riveting the bolts of the draw span. The steel portion already in position is receiving the final touches and within a week or two traffic should be going over.

The Jordan river bridge is not as far advanced and, we are told, will require a while yet before open to traffic.

Both bridges are permanent structures built by the local Board of Supervisors, aided with W. P. A. funds. This work has possibly been long in progress but the results are well worth waiting for.

National President, S. W. V. A., to Visit Bay St. Louis in Nov.

BIG CARD BENEFIT PLANNED

For Wednesday of Next Week at Former Yacht Club—By S. J. A. Mothers' Club.

On Wednesday, October 25th, at 7:30 P. M., at the former Yacht Club, the Parents' Club of St. Joseph Academy will entertain at the second of a series of card parties to create funds for their treasury.

An active committee, headed by Mrs. A. B. Vassalli has completed plans for the party and arrangements have been made for players desiring to play contract or auction bridge, poker and other card games, while tables will be arranged in the rear of the club for bingo. There will be a prize for every table and an entrance prize of a large home-made cake by a lady who is noted for her excellent cakes.

The party promises to be one of the large affairs of the season and tallies are being offered at 25c, so that anyone desiring any might get in touch with Mrs. Vassalli or any member of the club.

ABANDONED CAR RECOVERED.

County Highway Department has recovered an abandoned car and returning it to its owner, which had been stolen. The car, a 1937 model Plymouth, belonging to John Brocato, 1626 North Dougenois street, New Orleans, was found by Patrolman Necaise at Pearlport, on Lower Bay road, 300 yards off trail.

ADJUSTMENT PAYMENTS TO HANCOCK CO. FARMERS AMOUNT TO \$2,570.00

County Agent S. W. Stowers Reports Payments to Hancock Cotton Growers Now in Process—Federal Funds Replacement Loss Made by Government Curtailment of Crop Production.

According to S. W. Stowers, Hancock county agent, cotton price adjustment payments aggregating \$2,570.00 are now being made to Hancock county farmers.

This payment represents 1.6c per pound on the normal yield per acre established for the farm times the cotton acreage allotment but is not made on farms that are idle in 1939, the agent stated. This payment is in addition to a conservation payment of 1.8c per pound on the normal production of cotton and the soil building payments which will be made later.

Farmers are urged to earn their maximum soil building allowance which figured by multiplying 70c times the 1938 cropland plus \$150 times the acreage of commercial orchards on the farm on Jan. 1, 1939. The allowance can be earned by planting winter cover crops at the rate of \$150 per acre; by applying phosphate on legumes at the rate of \$150 per 300 lbs.; by applying basic slag on legumes at the rate of \$150 per 500 pounds; by applying ground oyster shell flour at the rate of \$150 per 1000 pounds; by seeding pasture at the rate of \$3.00 per acre. Hancock county farmers were asked this week to study all angles of the 1940 cotton marketing quota proposal before going to the polls December 9 to determine if next year's crop will be governed by quota regulations.

"Farmers may normally consider the factors of supply, carry-over, production and consumption" County Agent Stowers said, "but a new factor—the war in Europe—also must be considered if the farmers get a

The rural electrification administration at Washington on Wednesday announced the allotment of \$40,000 to build about 41 miles of line to serve 136 members in Pearl River, Hancock and Harrison counties, extending h present service over this section.

This is in accordance with a wire received from Senator Pat Harrison to The Echo, as follows:

Rural electrification administration just advises allotment \$40,000 to build about 41 miles of line to serve 136 members in Pearl River, Hancock and Harrison counties. Project previously has been allotted \$309,000 to build 418 miles of line to serve 1,384—1,304 members and \$10,500 to finance house wiring and plumbing installations.

Mrs. C. C. McDonald Addresses Bay Rotary Club on "Democracy."

Rotary Club of Bay St. Louis met on Wednesday at noon at Hotel Reed for their weekly luncheon-meeting. Guest speaker for the day was Mrs. C. C. McDonald, prominent clubwoman and speaker of note, who delivered an excellent address on "Democracy." Mrs. James A. Evans was also the guest of the club at the luncheon.

true picture of the current cotton situation.

The county agent said the best guide the farmers have to what is likely to happen to cotton as a result of the European developments is the experience they had during the world war. He said most of them may recall the high cotton prices that prevailed during the latter years of the world war, and how cotton lagged behind the general commodity price level for over two years after the out break of the war.

"Just before the opening of hostilities in 1914, cotton prices were about 12.5 cents a pound," he said. "When the exchanges were closed, August 1, to November 17, 1914, prices dropped with the diminished market to nearly half this level. It was two years after the war began before domestic prices recovered to the levels existing immediately before the war."

Mr. Stowers said the cotton crop in the United States this year was held to approximately 12.1 million bales due to the fact that most farmers cooperated in the farm program and planted within their acreage allotments. He also pointed out that world carry-over 14.2 million bales of American cotton resulting largely from the record 1937 large crop of 1937 still hangs over the market. Marketing quotas can be authorized only when the supply of American cotton is more than seven percent above normal," he said. "For 1939-40, the normal supply, as defined by law, would be approximately 18.2 million bales, while the actual supply is 26.3 million bales. This is more than 44 percent above normal. The world supply of foreign growths of cotton is also abnormally large."

MISSISSIPPI STATE COLLEGE.

THE Mississippi State College for Women observes the fifty-fifth anniversary of its founding on the twenty-second of October with Dr. A. B. Batts, Chancellor of the University of Mississippi, as guest speaker.

The college opened its doors for the first time on October 22, 1885, as the first publicly supported institution of higher learning exclusively for women to be established in the world. At that time 341 students were enrolled, representing 62 counties. Today the college enrolls 1200 students, with every county in the state represented.

The plant comprises thirty modern and well equipped buildings; the faculty is composed of ninety scholarly men and women; the eight curriculums are varied enough to meet the needs of most Mississippi girls.

In addition to its liberal arts curriculum there are vocational curriculums, providing specialization not only in dramatics, music, and dancing, but also in teaching, home making, commerce, laboratory technicians, social service, and the like, as well as pre-professional preparation in medicine and law.

Over 17,000 girls have attended this institution and are now located in all parts of the United States and in many foreign countries. It is gratifying to read their records of achievement in varied and advanced fields. All Alumnae celebrate Founder's Day this week and are calling attention to the continued progress of their Alma Mater.

AIRCRAFT FOR THE ALLIES.

MANUFACTURERS of aircraft in the United States are speeding the construction of war planes ordered by the British and French governments before the war in Europe began.

A news dispatch says that crated airplanes are gathering on the docks at San Pedro, Calif., and Baltimore and at warehouses in New York harbor. Many planes, fully equipped and ready to fly, are stored in airports on both coasts.

In the year prior to the outbreak of hostilities in Poland, American manufacturers delivered 360 bombers and training planes to England and 250 assorted fighters, light bombers and training ships to France. Now being stored in this country and being constructed under contract are 755 warplanes, most of them said to be light, twin-engine bombers, capable of 300-miles-an-hour speeds.

WHO COMMITS OUR CRIMES?

THE prevalent idea that young men and women commit more crimes than other age groups is given a wallop by Magistrate Matthew J. Troy, of Brooklyn, who says that a survey of court cases in 1938 revealed the fact that the largest group of criminals in that city was 30 to 39 years old.

This is interesting information, even if it applies to Brooklyn. There may be some truth in the observation in other areas. For example, a recent survey by the Public Affairs committee shows that of all persons arrested and finger-printed in an undefined area in 1938 the age group 20 to 29 had the largest number of criminals, followed by the group from 30 to 39 and, third in order, was those under 20 years of age.

MEN ARE VAINER THAN WOMEN.

JUST for what it might be worth, and to curry a little favor among our women readers, we record the conclusion of Dr. Theron W. Kilmer, New York photographer, that men are much vainer than women when they are being photographed.

"People say women are vain," says the doctor, "but don't you believe it. I never saw anything as vain as a man in a studio."

Naturally there will be many men in Bay St. Louis to intimate that the worthy artist is talking through his hat, or some other article of wearing apparel. We are not inclined to argue very strongly in favor of the conclusion he announces but, just the same, we have seen some men who gave both eyes to their personal appearance, as if they had something there.

TAXES TAKE MORE THAN HALF.

ABOUT a year ago a wealthy citizen of the State of New York passed away, leaving an estate of \$76,838,530. This seems like a nice sum to leave to one's heirs but before the estate could pass along the governments of the citizen came in to take out what are called inheritance taxes.

The State of New York levied a toll of \$10,900,000 and the Federal government got \$30,372,109. The combined taxes amounted to more than half of the fortune.

You'll be surprised how soon you will be heading "Shop Early" slogans again.

Wonder if the Wright Brothers knew what they were doing when they presented mankind with wings?

Then there are people who will be so confused this year with two Thanksgiving days, that they will forget to be thankful for anything.

FORCE ALONE INSURES PEACE.

MORE than a hundred "leading historians, economists, politicians and sociologists" of the nation, queried by a committee of psychologists, agree that the best factors for keeping this country at peace included international education, freedom from economic nationalism and the "breakdown of childish patriotism."

We take leave to doubt the conclusion of the eminent gentlemen. The factor that will keep this nation at peace is outside the United States. It is the belief on the part of possible aggressors that it will not pay them to attack the United States.

The guarantee of peace today is force and nothing else. It is a sad commentary on civilization that every nation has to rely upon its own strength but the Chinese, the Ethiopians, the Czechs and the Poles know it. They learned the lesson the hard way. If we don't care for the same lesson we will see to it that we are strong enough to give two blows for every one directed at us.

Frankly, we think the world would be much better if the nations of the world which stand for the orderly processes of civilization could get together and preserve the peace of the world. Unfortunately, every one of them is anxious to avoid all risks and to dodge all responsibility for law and order in a world that is lawless and threatened by international criminals.

DEFICIT INFORMATION.

FOR the information of the statistically minded we call attention to the fact that the Federal government, for the first quarter of the fiscal year which began July 1st, spent \$976,060,301 more than it collected. This is what one technically terms a deficit.

At this rate of extravagance it will be easily seen that the deficit for the full year will be a little less than \$4,000,000,000. With the nation going hog-wild on preparedness, which always comes high, it might be estimated that the deficit will exceed the indicated figure.

It is interesting to observe, as a passing comment, that some of the vociferous objectors to a deficit, are quite reconciled to the idea of a big deficit if the money is spent for military and naval purposes. It seems, from what one reads, that a deficit for war or national defense, has some virtue that is unconnected with a deficit incurred in assisting individual citizens.

We confess that we are somewhat ignorant of the terrors that lurk in deficits, except insofar as a private loan of funds might be termed a deficit. At the same time, we moan for the boys and girls who can hardly bear to see the government spend more money than it collects. They are in for a bad winter.

DRIVE FOR BETTER TRAIN SERVICE.

THE fight for better and cleaner train service between New Orleans and the Mississippi Gulf Coast has not been abandoned. In fact, there seems to be a more united movement than heretofore to push the desired end to an early consummation.

President Edward Schwartz, of Bay St. Louis and New Orleans, head of the organized commuters and club at New Orleans created for this end, reports the organization is functioning fully and its members are preparing for an offensive at an early date.

Let us hope this drive will be successful. Not only for the commuters but for the benefits that will accrue for Bay-Waveland and other nearby coastal points that will aid an increased population as a result of better service for commuters.

The expansion of the coast depends largely on increased population and one of the means of attaining this end is by encouraging people to live here—if there be satisfactory commuters' train service.

The fight at New Orleans has not been abandoned but will be pushed with renewed vigor.

CHURCH-GOING RECORD.

THE people of the United States, as we have said before, are record-conscious. No matter what it may be, if an individual can set a record, he is sure to receive acclaim.

This being true, we might as well take some notice of the fact that Miss Jennie C. Powers, of Germantown, Pa., has attended church services at the Westside Presbyterian Church every Sunday morning for the past sixty-four years and four months.

The lady began her attendance when one year old and when the church closed during the influenza epidemic of 1918 she went there every Sunday morning and worshiped alone.

We doubt if anybody in Hancock county can equal the record set by this lady but we wonder who can come the nearest to it. The editor will be glad to receive information about individuals in this county who have gone to church every Sunday for as much as ten years. Maybe we will discover the church-going champion of the county.

80 MILLION TO BE SPENT BY RAILROADS.

AMERICA'S railroads, given the "highball" by an upsurge in business, have pulled the spending throttle and are pouring more than \$80,000,000 into their property to keep that nation's trade and travel moving.

How much this will mean in jobs is incalculable, railroad men said. Contracts are scattered over a wide range of industries, much of the repair work can be done by crews maintained by individual lines and the steel mills, sources of new rail, are rolling at capacity.

Nor is this multi-million-dollar spurt caused by lagging operations and depreciation during slump times. Streamlined fleets of trains have been built during depression years and the roads have spent millions to keep their systems operating properly when income was low.

There are three ways to read war news: (1) Believe all Allied Communiques; (2) believe all German Communiques and (3) believe no Communiques.

Parents who make life pleasant for their children may one day have children who will make life pleasant for them.

ORGAN OF CATHOLIC DIOCESE CARRIES SKETCH LOCAL PASTOR

The Very Rev. A. J. Gmelch Here 21 Years—Has Accomplished Much Work

Under caption of "Know Your Pastor," the New Orleans Catholic Action, diocesan organ of the Catholic church for this section, carries an excellent likeness of the Very Rev. Andrew J. Gmelch, pastor of Church of Our Lady of the Gulf, Bay St. Louis, and the accompanying article which will be read with interest and kept for the historical data contained therein.

The sketch from the Catholic Action follows:

Our Lady of the Gulf Church at Bay St. Louis, Miss., is the seat of the Gulf Coast deanery of the Diocese of Natchez and is one of the pioneer parishes of the diocese. Its present pastor, Very Rev. Andrew J. Gmelch, is not only dean, but also a diocesan consultant.

Father Gmelch was born at Rohrbach, Germany, but came to this country to make his ecclesiastical studies. He completed his classical course at Cullman, Ala., with the Benedictine Fathers, then came to New Orleans to make his theological studies at the new St. Louis Seminary established by Archbishop Chapelle, and placed under the direction of the Vincentian Fathers. Father Gmelch received ordination at St. Stephen's church, New Orleans, which adjoined the seminary, on June 14, 1901.

Two days later, he entered the Diocese of Natchez, and, on July 3, 1901, received his first assignment, which was the post of administrator of St. Elizabeth's church at Clarksdale, Miss., but when Father Mallin was sent there as pastor, Father Gmelch was sent to St. Paul's church at Vicksburg as assistant. On September 30, 1902, he received his first assignment as pastor; this was at St. Mary's, Merigold. He labored there until 1905, when, on October 24, he was appointed pastor of Sacred Heart church, Canton, a post which he held for 12 years. During that time he improved the church property and installed a fine organ in the church, but above all else, he won the love and esteem of his parishioners. It was genuine regret that they saw him leave Canton, when, in January, 1918, he was given the post of pastor of Our Lady of the Gulf church at Bay St. Louis.

Since coming to the Bay, Father Gmelch directed the establishment of Waveland as an independent parish, paid off the debt on the church, installed the Stations of the Cross and stained glass windows and finished the interior of the beautiful church. His interest in the welfare of the many Negro parishioners led to the establishment of a separate parish for them, the present St. Rose de Lima church. It was Father Gmelch, too, who welcomed the Fathers of the Divine Word to Bay St. Louis for the establishment of a seminary for the education of Negro aspirants to the priesthood and the religious life.

Father Gmelch, dean of the coast deanery and diocesan consultant, is likewise a synodal examiner, member of the diocesan vigilance committee and diocesan director of the Apostleship of Prayer.

Bay St. Louis and its environs were visited by the early French missionaries and during the first decades of the past century by priests from New Orleans and Mobile. The need of a resident priest at Bay St. Louis impressed Bishop Chanache and, in 1847, he appointed Father Louis Stanislaus Mary Buteux to the post, which included also the care of Pass Christian, Pass River, Jordan and Wolf River. He said Mass at the courthouse or in private homes until he succeeded in completing a church in 1849. He introduced the Christian Brothers then the Brothers of the Sacred Heart, the latter founding famous Stanislaus college in 1855. He also brought in the Sisters of St. Joseph and they opened St. Joseph academy in 1855. In 1859, Father Buteux resigned on account of his broken health.

Devoted Father Henry LeDuc was named pastor and for 38 years he ministered to the faithful of the Bay and its vicinity. He went through all the terrors and deprivations of the War between the States, saved the city from being burned by the Federals, rebuilt the church and attended 13 missions stations. He died in France in 1897, and was succeeded by Father Florimond Blanc, who served from 1898 to 1903. When the latter died, Father Aloise Van Waelberghe became pastor but like Father Blanc, his pastorate was short. His death occurred in 1906. During the pastorate of Father John M. Prendergast, pastor from 1906 to 1918, on the morning of November 16, 1907, the parochial school for girls, St. Joseph academy, the Church of Our Lady of the Gulf and the rectory, all were consumed in a disastrous fire. Undaunted, Father Prendergast took up the task of building a new church and less than a year after, the cornerstone was laid. On December 13, 1903, first Mass was said in the new edifice. When Father Prendergast was sent

BAY ST. LOUIS MISS.

SON OF LATE CAPTAIN JAMES STOCKTON DIES AT NEW ORLEANS 75.

A death in New Orleans which recalls to the older residents of Bay St. Louis a well known character who resided here many years ago was that of James Stockton, 75 years old, who died on Saturday at his home at 311 Metairie Road in New Orleans.

Mr. Stockton was the son of the late Captain James Stockton and Elodie Monet, and was a member of one of the pioneer families who possibly forty years ago built and operated a hotel on S. Beach Boulevard near Goodchildren street, the present Sycamore Street, and in a community then occupied by such old families as the de Montuzins and de Lahoussaye's. As the story goes, the hotel and adjacent dwellings were consumed in a disastrous fire, but were shortly rebuilt. Again these buildings were destroyed by fire, and not rebuilt and in later years, the site of these places were occupied by others.

Mr. Stockton was buried from Auxiliary Funeral Home of Jacob Schoen & Son with religious services at St. Francis Xavier church and interment in Greenwood cemetery.

To Vicksburg in 1918, Father Gmelch was named pastor at the Bay, and now, for the past 21 years, he has been serving zealously the faithful of that section.

WITH A SINGLE PURPOSE

LAW ENFORCEMENT AUTHORITIES, and the public share equal responsibility with us in our effort to drive out the honky-tonk, foot-joint, and dives wherever they are connected with the legal sale of beer in Mississippi.

*LAW ENFORCEMENT OFFICIALS are supporting the Brewers and Mississippi Beer Distributors Committee's "clean-up or close-up" program by cooperating with State Director W. W. Pierce in eliminating the scattered disreputable retail outlets that permit offensive practices to surround the sale of beer.

*LEGITIMATE BEER WHOLESALERS AND RETAILERS, representing 96 per cent of the beer industry in Mississippi, are working hand-in-hand with the Committee, which is sponsored by a nation-wide organization—the United Brewers Industrial Foundation.

*THE PUBLIC, approving the campaign to stamp out the bad elements, is heeding the Committee's plea to patronize only those places where beer is sold in strict accordance with the law and with existing regulations.

The beer permits of four offending establishments already have been revoked by the State Tax Commission on information furnished by the Committee. Another outlet voluntarily surrendered its permit and others stopped handling beer rather than face the Committee's fire.

Personal and General News Notes of the Week From Sister City and Vicinity.

MRS. Joseph Fiduccia has returned home from a visit to the city with her sons.

The Misses Canton of Algiers spent the weekend at their cottage in Tide street.

Mr. Elmer Jackson and his family are now occupying the McKern cottage.

Three lots on the corner of Fel and Tide streets were purchased by Mr. T. Blanchard on which he will build a home very soon.

Mr. and Mrs. Buck Jorns were here for the week end, visiting Mr. and Mrs. Harry Bourgeois.

Miss Olive Curet drove to Kiln on Tuesday to visit her niece who is ill.

Mrs. Martin Milner and Patricia spent several days in the city with Mrs. Sordelet.

Mr. and Mrs. William Bourgeois have moved into their newly built home in Third street and they have our best wishes for continued good luck there.

Mr. S. Storking bought the Guiray land on St. Joseph street where they will build. Another family added to our many new residents.

Mr. John Kaufman who has been very ill for the past three weeks was removed today to the home of his son-in-law Luke Marengo.

Mr. C. B. Mollere is fencing in the land adjoining his business place to be used for a new zoo to house his native animals. It will be somewhat like the one he had near the old store.

Mrs. F. Fisher has rented for four months the home of Mrs. Geisler in the Steele subdivision while she is building a home in the city.

Mr. and Mrs. Dan X. Holderite are staying at Edgewater, Mr. Nungesser's cottage.

The school motion picture shown at the school auditorium was very good. The large attendance was an evidence of how favorably those pictures are thought of and noticed.

will be given for the next entertainment.

Mr. R. L. Thompson is building a road between St. Joseph street and Middletown and a great deal of credit is due him for the progressive spirit he is showing. The expense of this road is no small matter and Mr. Thompson alone is handling this expenditure.

The 6:11 early morning train has been discontinued and quite a number of our commuters have been inconvenienced by this change.

A large group of people were at the St. Stanislaus stadium Sunday to view the home-coming game. Harold Zimmerman one of our home boys made a good showing.

Mr. Morris Martin went to Buras to work and his wife the former Miss Mildred Carver is preparing to join him there where they will make their home.

MRS. JULIA BATTLE MANIERI DIES.

On Saturday, October 14th at French Hospital in New Orleans Mrs. Julia Battle Manieri died, leaving a small son, Russell, Jr., to survive her. Mrs. Manieri lived in Bay St. Louis for several years and was the former wife of Russell Manieri, son of Mr. and Mrs. Andrew Manieri, local well-known residents. Mrs. Manieri was a native of Memphis, Tenn., and her remains were sent to Memphis for interment there.

For her work in the starring role in "Woman Overboard," Irene Dunne will receive \$100,000 and a percentage of the profits from RKO.

DAY'S MOTOR TRIP FROM BAY ST. LOUIS TO MUSCLE SHOALS.

Visit to the Government's Gigantic Drainage and Flood Control Development—Employs 15,000 Men.

(Staff Correspondence)

Just a day's motor trip from Bay St. Louis, is Muscle Shoals, the United States Government's gigantic development of drainage and flood control of the Tennessee River Valley and its subsequent assistance in flood control of the Mississippi River Valley.

Driving on a paved highway one reaches the towns of Sheffield and Florence, Alabama, where a fast booming real estate and building development ever goes. Just a mile from Muscle Shoals is beautiful Wilson Dam which runs across the Tennessee River just above the Shoals property. Upon reaching Muscle Shoals everywhere one is accosted by uniformed men in special garb to direct visitors about the grounds and proffer any information desired. Upon entering the grounds a wonderful view is afforded of the wide span of the river over the shoals and then one sees the dam thru which pours hundreds of thousands of tons of water hourly.

By means of the water power afforded here, the handsome structures of brick and stucco on the well appointed grounds of the Muscle Shoals property contains a munitions plant, power plant and fertilizer plant. Eight huge turbines of 30,000 volts of electricity each generate power and to view these, one descends in an elevator one hundred feet below and which on the side of the river that has been dammed is forty feet below the surface of the water. A guide and lecturer here shows maps and photographs of the river and explains the entire system of six completed dams and three contemplated for future erection. Dams along the system which have been completed and are presently in operation are Pickwick Landing Dam, Wilson Dam, Wheeler Dam, Hales Bar Dam, Guntersville Dam, Watts Bar Dam, Coulter Shoals Dam and Gilbertsville and Guntersville Dam have all been approved by Congress for construction. Chickamauga and Guntersville Dams are presently under construction and nearing completion. The completion of this series of dams will provide a year round channel for vessels of 9 foot draft and form a major link in the great commercial inland waterway system of the country comprising 5700 miles, and connecting the Great Lakes with the Gulf of Mexico and the Appalachian Mountain area with the grain-producing region of the West. Also of inestimable value besides the addition to navigation and the flood control is the placing of cheap electric power to a vast area of rural communities who will be enabled to enjoy same and which will facilitate farming in these sections. The most important transmission lines placed in operation recently were those from Pickwick Landing to Memphis, Tenn.; from Jackson to Trenton, Tenn.; from Columbia, Tenn., to St. Louis, Mo.; from the Victor Chemical Works to Murfreesboro, Tenn.; from Norris Dam to Alcoa and to Knoxville; from Tupelo, Miss. to Pontotoc, Miss., and from Guntersville Dam to Guntersville, Ala.

The fertilizer plant produces a fertilizer which is 40 per cent superior to any other offered on the market and be obtained free of charge by application to the county farm agents of different sections. The munitions plant at Muscle Shoals is in readiness for war time emergencies and is presently in operation. Due to the recent war scares both the fertilizer and munitions plants have been barred against visitors.

Employment of nearly 15,000 persons have been given by these vast projects and a trip to any of the dams on the system, and to the beautiful valley of the Tennessee river is well worth the time.

PETITION FOR PARDON.

To His Excellency Honorable Hugh L. White, Governor of the State of Mississippi:
We, the undersigned officers, residents and citizens of the State of Mississippi, respectfully petition your Excellency to pardon and discharge from prison, and to restore to full civil rights, the following named persons who were convicted of the assault with intent to rape a negro girl.
It was convicted in the Circuit Court of Hancock County at the March, 1939 term and sentenced to serve two years in the State Penitentiary. His term began about the 1st of April, 1939.
Your petitioners would respectfully show to your Excellency as follows:
That Samuel Paul Wilson is a young man only eighteen years of age. That he was always considered a good boy and there was some serious question as to his guilt.
That because of his tender age mercy should be shown.
We believe that Samuel Paul Wilson has been punished sufficiently for the crime for which he was charged, and that executive clemency should be granted.
Respectfully submitted,

"Build-Up" for Women

Many women find they are able to break the vicious circle of undernourishment, weakness and the pain of functional dysmenorrhea due to malnutrition. Their help has come from CARDUI'S ability to stimulate appetite and digestion; thus build physical resistance. Many also report CARDUI taken just before and during "the time" helps ease pain and discomfort. Used for more than 50 years!

ROBERT TAYLOR AND HEDY LAMARR STARS OF EXCITING PICTURE.

"Lady of the Tropics" at A. & G. Theater, Sunday And Monday.

The widely-awaited appearance of Robert Taylor and the sensational Hedy Lamarr in "Lady of the Tropics," a languorous drama of smoldering passions laid against an exotic background of Indo-China, occurs Sunday and Monday at the A. & G. Theater in what is heralded as the most fascinating romance of the year.

A dramatic tale of an adventurous American and a beautiful half-caste of the Orient, the picture surrounds Taylor and Miss Lamarr with lavish settings and reminiscent of the mysticism and splendors of the Far East in a story written especially for the stars by Ben Hecht. Three years in preparation, "Lady of the Tropics" brings to the screen for the first time a panorama of background scenes of little-known places of Indo-China and Cambodia which were filmed by a photographic expedition exclusively for the picture.

The love story has its beginning in the harbor of Saigon, with its teeming Oriental traffic of ocean liners off-shore, quaint native craft at the docks, natives babbling in the colorful, narrow market places and caparisoned elephants and oxen lumbering through the streets. A riverfront a quarter of a mile in length was dredged from California soil, landings were built, native huts were erected on piles and a large section of the famed and ancient Angkor Wat Temple was recreated for a climatic love scene between Taylor and Miss Lamarr.

Fernand Gravet and Charles Boyer, both French citizens, are now in the French Army. Boyer is said to have a staff position on the Maginot Line.

placed in operation recently were those from Pickwick Landing to Memphis, Tenn.; from Jackson to Trenton, Tenn.; from Columbia, Tenn., to St. Louis, Mo.; from the Victor Chemical Works to Murfreesboro, Tenn.; from Norris Dam to Alcoa and to Knoxville; from Tupelo, Miss. to Pontotoc, Miss., and from Guntersville Dam to Guntersville, Ala.

lect a beautiful gift for any occasion on just a few moments' notice. Noted especially among the collection were handsome crocheted rugs of coarse thread useful as throw rugs, beautiful in design and practical in that they can be easily laundered. Numerous crocheted bags for street wear and general utility, dainty little novelties for use about the house, Alice in Wonderland dolls and Topsy Turvy dolls which would delight any child and which are unbreakable were on display. Men's winter ties of non-wrinkable materials in the winter shades and of finest qualities were the answer to an anniversary for Dad or Brother, and badminton shoes of heavy crocheted were an attraction and novel gift. So numerous were the gifts and varied the selection that one could never remember them all but visit to Mrs. Caffery's gift rooms will prove a treat to lovers of handwork and artistic designing.

The gift shop and table set out under the oaks were all beautiful with large bowls and vases of wild flowers.

Mrs. Caffery has had twenty years experience in articles of this kind, having run a small gift booth in the lobby of the hotel in which she summered in North Carolina and her experience in assisting anyone select a gift for an occasion is invaluable.
